

30 AI Prompts Every Student Should Know

CLARIFICATION OF TOUGH CONCEPTS

"I'm struggling to understand the concept of [topic/term]. Could you break it down into simpler terms and give me a real-life example that shows how it's used?"

SUMMARIZE READING MATERIAL

"Please provide a concise summary of the key points in [article/book chapter]. Don't include any direct quotes, just the main ideas."

VOCABULARY REVIEW

"List 10 important vocabulary words related to [subject or chapter]. For each word, include a short definition and an example sentence."

GENERATE STUDY QUESTIONS

"Create 5 critical-thinking questions about [topic or reading assignment] that I can use to test my understanding."

ESSAY OUTLINE ASSISTANCE

"I'm writing an essay on [topic]. Can you suggest a possible outline with an introduction, main points, and conclusion? I'll fill in the details on my own."

READING COMPREHENSION CHECK

"I just read [title or topic]. Could you ask me 5 comprehension questions to see if I understood the main ideas? I'll answer them myself."

BRAINSTORMING ESSAY IDEAS

"I need to write a paper on [broad subject]. Could you help me brainstorm 3–5 unique angles or subtopics I could explore?"

SIMPLIFY COMPLEX TEXT

"I have this text: [paste text]. It's very technical. Could you rephrase it in simpler language for a [specific grade level] student?"

CLARIFY ASSIGNMENT INSTRUCTIONS

"I need to complete an assignment about [topic]. The instructions say [quote instructions]. Could you explain what these instructions mean in simpler terms?"

QUICK FACT CHECKS

"Is [fact] correct in the context of [topic]? Provide a brief explanation or source if possible. (I understand I must verify the source myself.)"

GENERATE THESIS STATEMENTS

"I'm writing an argument about [topic]. Suggest a strong thesis statement, and explain why it's a solid foundation for an argumentative essay."

MIND MAPPING

"Help me create a mind map (in list form) for [topic]. Include main ideas and subtopics that connect logically."

ADVICE ON ETHICAL USE

"What are some ethical guidelines I should follow when using AI to help with my homework? Include tips on avoiding plagiarism and verifying sources."

GRAMMAR AND STYLE CHECK

"Here's a paragraph I wrote: [paste paragraph]. Please check it for grammar and clarity, and suggest improvements without changing my main idea."

REVISION SUGGESTIONS

"I have a draft essay on [topic]. Could you suggest ways to improve the organization, transitions, or clarity? I don't want the rewrite done for me, just suggestions."

SELF-REFLECTION ON LEARNING

"I want to reflect on what I've learned about [topic]. Can you list a few questions I can ask myself to deepen my understanding and self-assess?"

HOW TO START RESEARCH

"I'm starting a research project on [broad topic]. Could you suggest 5 subtopics or research questions to help focus my study?"

FINDING RELIABLE SOURCES

"Recommend types of reliable sources or databases for research on [topic]. I'm not asking for direct links, just some starting points to look up on my own."

MNEMONIC DEVICES

"I need to memorize [list of facts or vocabulary]. Suggest a mnemonic device or memory trick that could help."

STUDY GROUP DISCUSSION STARTERS

"Could you provide some thought-provoking discussion questions about [topic] that I can bring to my study group?"

PRACTICE PROBLEMS

"I'm studying [math/science/language concept]. Give me 5 practice problems of varying difficulty, and I'll solve them on my own."

HISTORICAL CONTEXT

"Explain the historical context of [event/person] and why it's relevant to understanding [modern-day topic]."

CONNECTIONS BETWEEN SUBJECTS

"Could you show me how [topic from one subject] connects to [topic from another subject]? I want to see the interdisciplinary link."

PERSONALIZED STUDY SCHEDULE

"I have a test on [date] about [subject]. Could you help me create a simple, week-long study schedule that balances review, practice, and rest?"

DEBATE PREPARATION

"I have to debate the pros and cons of [issue]. List 3 pros and 3 cons with brief explanations for each side so I can form my own argument."

EDITING VS. PROOFREADING

"Explain the difference between editing and proofreading my work on [topic]. Provide some strategies for each step."

CREATIVE WRITING PROMPT

"Give me a creative writing prompt that incorporates [concept or theme] from my class. I'll write my own story based on it."

PROJECT-BASED LEARNING IDEAS

"I want to propose a project for my class on [topic]. Suggest some creative project ideas that let me demonstrate understanding in a hands-on way."

EXPLANATION OF FORMULAS

"Explain the steps of [math/science formula or equation] and why each step is necessary. Provide a short example problem."

TEST ANXIETY STRATEGIES

"Could you suggest some strategies to manage test anxiety while studying for [subject]? I want practical tips I can apply."

Mental health education is most effective when it blends into daily routines as a source of enjoyment, so we create simple, engaging tools that transform psychoeducation into fun, accessible activities for everyone.
